VITAMIN RELIEF USA/THE HEALTHY FOUNDATION ACCEPTS FIRST-EVER “IMPACT AWARD” FROM CALIFORNIA ASSOCIATION OF NON-PROFITS

Foundation Honored for the Far-reaching Effects of Free Vitamin Distribution Program for at-risk Kids.

Murrieta, CA --- From metropolitan cities to rural country settings, at-risk children are making dramatic improvements in school performance, health, behavior and self-esteem through Vitamin Relief USA/The Healthy Foundation's *Vitamin Relief USA*[™] programs. This week the California Association of Non-Profits (CAN) is celebrating Vitamin Relief USA/The Healthy Foundation's good work with an important award.

“CAN's first-ever Impact Award goes to Vitamin Relief USA/The Healthy Foundation of Murrieta, California for the impacts it's already made on thousands of disadvantaged children,” says Florence L. Green, CAN Executive Director.

Vitamin Relief USA[™] provides high quality, chewable multi vitamin/minerals to nearly 10,000 kids a day, in 36 states through 175 collaborative partner sites, including public schools. This past winter, parents, teachers and site staff reported surprising changes they noticed in children taking Vitamin Relief USA/The Healthy Foundation vitamins. The children had greater energy, better concentration, fewer illnesses and absences, improved grades, more stable emotions and higher self-esteem.

“CAN is proud to have Vitamin Relief USA/The Healthy Foundation as a member and as part of our state's nonprofit community. Its creative and collaborative work fighting malnutrition nationwide truly represents the best of nonprofit thinking, resources and action,” remarked Green.

“Vitamin Relief USA/The Healthy Foundation wishes to thank the California Association of Non-Profits for acknowledging the impact of our programs with this prestigious award. We'd also like to thank all the generous sponsors and supporters whose efforts and contributions have made *Vitamin Relief USA*[™] a reality. In particular, we thank Tishcon Corp for their donation of 70,000
